

## Bible Journaling Challenge - May 2017

# Biblical Women

This month we want to share 31 biblical women with you. We wrote a short blog about every woman and we share our own pages with you. And, of course, after you've read our blogs you can make your own page! Don't worry you don't have to be good at drawing woman for this challenge, there are a lot of different ways to create with these messages. We're looking forward to see what you create!
